About The Norfolk SPCA

The Norfolk SPCA has been serving the community since 1892 and has guaranteed adoptions as a no-kill shelter for healthy, treatable pets for more than 10 years. We focus our efforts on finding our animal friends the forever homes they deserve and we envision a day when every adoptable animal is welcomed into a loving home. We shelter, treat, rehabilitate and rehome thousands of household companion animals every year. We also provide affordable veterinary services for public animal patients six days a week at our two locations. Our clinic's special mission helps reduce the incidence of people surrendering their animal companions because they cannot afford medical care. For more information, please visit NorfolkSPCA.org.
