

## Plant Parts with a Purpose

Fill in the Blanks below with the words provided in the box.

Sepals	Flowers	Leaves
Roots	Stem	

1. We are a special kind of leaf. We work like armor to protect the flowers before they open.

We are called \_\_\_\_\_.

2. We act like a Chef. I take in my special ingredient, sunlight, and mix it with water and carbon dioxide to create food for the plant to use.

We are called \_\_\_\_\_.

3. My job is to work like an elevator moving water and nutrients up through a plant while bringing sugar back down to the roots. I also help a plant stand up and reach for the sun.

I am called the \_\_\_\_\_.

4. Our job is like a vacuum to suck up water and nutrients to the plant. We also are a very supportive group. We stretch out through the soil to provide the plant a steady base to grow on.

We are called \_\_\_\_\_.

5. I work like a factory, all of my parts work together to create seeds.

I am called the \_\_\_\_\_.
